WHY BATTLESHIPS?

Secretary of War Daniels wants \$300,000,000 for new battleships. All right. Let the issue go before the people. Three hundred million for battleships or three hundred million for battleships or three hundred million for good roads, or conservation or irrigation. Shall we spend the money for battle ships that will be seen to determine the secretary of agricultural vote. If the secretary of labor were to ask for \$300,000,000 he would be accused of fosterrigation. Shall we spend the money for battle ships that will be scrapped in ten years, or will we spend it for the purpose of development? We might spend it for schools. We might spend it to promote the general health. Think, if you please, what a man who understood his business coul ddo in the interests of publication.
